May 2010

Schedule for Teacher Conference for Nigerian Principals and Teachers

Purpose of Conference: To broaden knowledge of effective school management, teaching methodologies and impact of both on learning.

Information: Principals and teachers coming to the USA are all from the Lagos State in Nigeria. They are from privately owned schools and either are the administrators or have been nominated to represent their school. They desire to learn more about school management and organization, indicators for high performance, teaching methodologies – practical examples, and use of audio-visuals in teaching.
